

Fleet Manager

We are seeking an individual with a minimum of 5 years of fleet management experience. The successful candidate will be responsible to ensure that all vehicles and equipment adhere to industry and safety standards and regulations for emissions, usage, and safe operation. The manager will schedule necessary repairs and maintenance on all company equipment including tri-axle dump trucks, heavy equipment, trailers, pick-up trucks, cars, and other rolling stock; will maintain shop facilities; follow employment, safety, U.S. DOT, and environmental regulations; monitor safety and performance, and day to day operations of all maintenance and shop employees; register and license all vehicles; maintain detailed records of vehicle servicing and inspection.

A valid driver license with a clean driving record is required, a CDL is preferred. Must have proficiency with computers including the Microsoft Office Suite. Experience in diesel and heavy equipment repair and maintenance, and supervision of maintenance and shop personnel is required.

This is an exciting opportunity for the right individual to join a fast-paced, growth oriented company while working on high visibility projects. AA/EOE M/F/Disability/Vet
