

Concrete Construction Chief Estimator

Manafort-Precision, LLC has an immediate opening for an experienced Concrete Construction Chief Estimator in its Worcester, MA office. We are seeking an individual with five to twenty (5-20) years experience in estimating commercial concrete work. Candidate will oversee the Estimating Department. Candidate would be responsible for opportunity management including identifying new opportunities with clients. Drive growth by strategizing overall bidding process. Work closely with Project Management to turn over clear direction after new project award. Upon completion, collect information on completed projects and provide feedback loop to Estimating Department for lessons learned for continual improvement with regard to safety, quality and profitability. Ability to improve and streamline standardized processes. Individual must be organized, detail-oriented and have excellent communications and quantitative skills. A four year degree in construction management or engineering is required. Proficiency in estimating software platforms is encouraged. Strong interpersonal and negotiation skills required. High integrity and ethical character required. This is an exciting opportunity for a key, cornerstone individual to join a reputable, fast-paced, growth oriented company while working on high visibility projects. AA/EOE M/F/Disability/Vet
